

January 4, 2017

Dear Parents,

On **Tuesday, January 31, 2017 from 1:00 pm to 2:30 pm** all female students in grades 11 and 12 will be invited to participate in an assembly program that will address the issue of breast cancer prevention. Professional staff members from Suburban Hospital will provide information and materials about breast cancer and breast self-examination. Students are encouraged to ask questions about breast cancer as it is the most common form of cancer in women.

Mothers of all female students in grades 11 and 12 are invited to attend this assembly with their daughters.

If for any reason you would prefer that your daughter **NOT** participate in this assembly program, please complete the form below and return it to the school.

I DO NOT want my daughter; _____ to attend the assembly program on breast cancer prevention
