Summer 2020  
Frequently Asked Questions

When do classes start?  
Session A: Classes will begin on July 6 and end July 24.  
Session B: Classes will begin on July 27 and end on August 14

What courses are being offered?  
Algebra 1, Geometry, Honors Geometry, Algebra 2, Honors Algebra 2, Precalculus (Honors Optional)

How long is each class?  
Students should plan on spending about 4.5 hours per weekday. This time will include zoom meetings with their teacher, watching video lessons, participating in online practice activities and completing online assessments.

How often will I be expected to zoom with my teacher?  
Students should expect to zoom with their teacher at least 3 times per week. Your teacher will send out a zoom schedule including class times and office hours for individual or small group questions.

What if I need extra help?  
If students feel that they would benefit from a tutoring session, they should let their teacher know. Their math teacher will assign them a BLISS tutor who will work individually with the student.

How do I contact my teacher?  
Teachers will maintain a schedule of zoom office hours that will be provided to the student at the start of class. Students may drop into office hours as needed to ask questions and receive tutoring. Teachers are available via their MCPS email which will also be provided.

Are these classes for credit?  
Yes, each session is for 0.5 credit hours. To earn 1 credit you must register for both Session A and Session B.

Who is eligible to participate?  
MCPS students who are looking to earn original highschool math credit or to improve their GPA.

Are there limits on the number of people who participate?  
Yes, class sizes are limited to 28 students.

What materials do I need at home to participate?  
You will need a device that has access to the internet. Teachers will provide video lessons, practice materials, and assessments online. Geometry A and Honors Geometry A do require a protractor and a compass.

How will I know what to do?  
Students will attend a mandatory zoom session on day 1 (Semester A - July 6 and Semester B - July 27) of the summer semester to meet their teacher. The teacher will demonstrate how to access online materials, share work expectations, office hours, and best practices to succeed in an online class.
How do I register?
Go to www.mbhs.edu to submit your online payment and complete the MBSMI Enrollment 2020 Google Form.
