Dear Parents/Guardians:

In order to earn a Maryland high school diploma current students must pass the Government High School Assessment (HSA) and participate in the Maryland Integrated Science Assessment (MISA). On Tuesday, January 8 through Thursday, December 11, we will administer the required state assessments in Government and Science for selected juniors and seniors who need to meet the requirement. The HSA and MISA assessments each consist of 5 units. We will administer several units each day within our regular bell schedule. Students receive notification through their classes if they are expected to test. Attendance is very important! Please see the schedule below for more information.

January HSA/MISA 2019
